

# Prairie Mountain Health Travel Health Clinic

- Federally designated Yellow Fever Vaccination Centre
- Meets the standards of the Public Health Agency of Canada for the Practice of Travel Medicine
- Offers a full range of services

## Who should visit

Everyone leaving Canada to:

- Go on a vacation
- Visit friends and family
- Volunteer or do mission work
- Work abroad
- Go to a resort

## Goals of the program

- Promote healthy, positive travel experiences
- Provide you with information and immunizations that will reduce your risk of travel related illnesses

**Take note and plan ahead!**

## TRAVEL HEALTH SERVICES

**A Travel Health nurse will discuss with you:**

- Your personal health history
- Past immunizations
- Destination, purpose, and mode of travel
- Length of stay
- Accommodations
- Food and water sources

**And then provide you with a complete health risk assessment including:**

- Recommendations for immunizations (available on site)
- Information about how to stay healthy and safe while traveling

PRAIRIE MOUNTAIN HEALTH

- All clinic visits are by appointment only
- No referral necessary
- Book appointments 6-8 weeks in advance
- Vaccinations are more effective if given early
- Some vaccinations are series requiring 4 weeks between doses
- There is a service or consultation fee in addition to vaccine costs payable at each appointment
